

\*IMPORTANT NOTE:  
 Frame & door need to be flush to allow closer to clear frame.  
 If not flush install LCN 4011 closer.

SECTION A-A  
 SCALE 1 : 5

Partial elevation (viewed from pull side of door)  
 - showing unit with cover and Regular arm mounted to right hand door.

Partial elevation (viewed from pull side of door)  
 - showing closer and Regular arm mounted to right hand door.

INSTALLATION NOTES:

When using pivot or swing clear hinge pin, locate closer and arm from centre line of pivot.  
 Read in conjunction with 4040XP / 4040XPDA Pull Side Mount installation instructions for mounting arm to closer and adjustment instructions.
